### 2966 UNDERSTANDING & PREVENTING EYE INJURIES

About 2,000 workplace eye injuries requiring medical attention occur each day. Most of these injuries are suffered by employees not wearing eye protection or wearing the wrong protective devices for the job. This program emphasizes the importance of wearing the proper protection when eye injury hazards are present so employees can avoid needless burns, punctures, foreign objects and other threats to their vision.

### 2927 HAND INJURY PREVENTION: *You Control It!*

A hand injury occurs in the workplace every 32 seconds. Though they usually do not grab the headlines and are not fatal in nature, over 16 million individuals seek emergency care each year for hand injuries. This program stresses that these injuries are preventable and educates your employees on the different types of hand injuries that can occur, how to recognize common hazards found in the workplace and preventative measures to take to protect their hands.

### 2971 PREVENTING HARASSMENT: *Creating A Positive Workplace (in Industrial Settings)*

Good communication and respect for others creates a beneficial work environment where employees feel safe and productive. When the workplace is disrupted by someone disrespecting one or more co-workers, anger and resentment can destroy morale. Workplace harassment can damage relationships and destroy lines of communication among employees. This program discusses various types of workplace harassment and how this unwelcome behavior affects the work environment. It also explains what you should do if you are a victim or an observer of disrespectful conduct and how you can avoid having your own behavior interpreted as harassment. Featured are a variety of scenarios where workers exhibit unwelcome behavior to show viewers what types of behavior constitute harassment and how they should respond to such conduct.
